Reset Form

In reference to 2006-373-T I am an out of state operator who travels to South Carolina and respectfully request that the decal display (sticker) that is required of South Carolina operators be excluded for out of state operators. As an out of state operator putting decals for ever state you operate in can be hazardous to the driver's line of sight and create blind spots. I am in favor of putting the certificate in the windshield when operating within the state an often put it in the window while working in the state.

I also request the waiver of any outside vehicle placard requirements showing the ors and psc numbers as one can fill up the side of any vehicle with these required 3" stickers bearing names and locations. Our operating authority exceeds the boundaries of the State of South Carolina and currently we prefer to operate under the required DOT id system that would identify us in all states and not one placard for each and every state.

You consideration in this matter is appreciated and your understanding of us not wanting to make our vehicles a state id bill board for all states is appreciated and will not distract other on the road drivers from reading all the material on the side of our high profile vehicles.

Our business is transporting Government Officials, Celebrities, Ambassadors, Musicians, and VIPs throughout the South East

Respectfully,

William Crowe
Charleston Executive
